**Suicide Prevention Hotline \*988**

# IRIS

**The IRIS Referral System is a system used primarily in healthcare and social services to refer people to the right support services. It helps professionals (like doctors, social workers, or teachers) send individuals to specific services they might need, like mental health support, housing assistance, or other community-based resources.**

**IRIS is a streamlined way for professionals to quickly connect individuals with the right help or resources through a centralized system. This ensures the person gets the support they need without unnecessary delays or confusion.**

### **People powered**

IRIS' proven human-powered approach simplifies implementation so you can focus on what's important—serving families.

### **Technology enabled**

Simple, standardized, and purpose-built for efficient onboarding, communication tracking and reporting.

### **Data driven**

Measure what matters. Monitor referrals, capacity and performance to track changes over time and maximize efficiency and resources.

**Scan code to learn more:**

**Contact Pam at 815-599-8432  
for more information**
